Mohsen,

Attached per our telephone conversation is a copy of the Exxon-Mobil Torrance RMP without the Worst-Case Scenario/ Offsite Consequence Analysis. As I explained, under federal law we cannot send the OCA/WCS information via email. Angie will work with you to get access to that data thru the EPA restricted website.

I also recommend that you look at the following website. This is an independent organization which receives a download of the EPA database annually.

You can get copies of any of the facilities' RMPs without going through the federal website.....

<http://www.rtknet.org/db/rmp>

## Risk Management Plan (RMP) Database | RTKNet.org: The ...

Federal law requires industrial facilities that use large amounts of extremely hazardous substances to file a Risk Management Plan (RMP) with the Environmental ...
